Turkey-Syria Earthquake Appeal

A series of devastating earthquakes have hit southern Turkey (now known as Türkiye) and north-west Syria killing over 20,000 people and injuring many more.

The first deadly earthquake struck while people were inside their homes, asleep in their beds, with no warning signs. Thousands of buildings, including hospitals and schools, have collapsed and infrastructure has been badly damaged. Local responders are desperately searching through the rubble for survivors. There are 17 Million people live in the affected area, many in urgent need of shelter, food and medical aid.

Please feel free to make contributions with the envelopes provided (and gift aided) marked Turkey Syria (or TS).
